MS4 Permit

Presentation on the changes to the MS4 Permit and MAPC technical assistance opportunities given by Martin Pillsbury, MAPC Environmental Planning Director. See presentation slides.

Review the “Regulated Area Map” by town to learn what communities or parts of communities are subject to the Phase II MS4 Program:

<https://www3.epa.gov/region1/npdes/stormwater/ma.html>

MAPC described its work with the Neponset Stormwater Partnership (NSP). MAPC, with the NSP has developed outreach materials; completed stormwater mapping and analysis; recommended stormwater bylaw amendments; and providing guidance on stormwater management financing.

This area is a priority project area, as identified in the FY 2017 MAGIC workplan, and meeting attendees reiterated interest in working with MAPC on a regional stormwater project to support compliance with the MS4 Permit.

Motion proposed and accepted to have MAGIC Officers and MAPC develop a scope of work for regional collaborative stormwater management project to support compliance with MS4 Permit.

Climate Change Plan

Presentation by Barry Keppard on the Climate Resilience plan. See presentation slides.

The presentation highlighted vulnerabilities, and presented preliminary adaptation strategies. MAPC staff are completing revisions to the draft report. The Climate Change Working Group meeting will take place at the end of September/October - Date to be confirmed. Those interested in being part of the review team should email

hstucker@mapc.org

Community Exchange

Town representatives and partner organizations described initiatives and events in their towns and service areas. Please contact hstucker@mapc.org if you would like to follow up with any of the presenters.
