This document was prepared for the Boston Region MPO. Its preparation was supported by 3C Transportation Planning Funds and by state and local matching funds. Massachusetts Department of Transportation Contracts 0056010 and 0059795 and EOTC Section 5303: MA-80-0003 and MA-80-0004.

This report was funded in part through grants from the Federal Highway Administration of the U.S. Department of Transportation. The contents of this report do not necessarily reflect the official views or policies of the U.S. DOT.

This study was conducted under the direction of the **Boston Region Metropolitan Planning Organization**. The MPO is composed of state and regional agencies and authorities, and local governments. The **Metropolitan Area Planning Council** (MAPC) was the principal author of this report. MAPC is Greater Boston's regional planning agency whose mission is to promote smart growth and regional collaboration in Metropolitan Boston.
