Revisions:

1. Strike Section 4.12.f, and replace with:

Section 4.12.f An inoperable bike, or any bicycle that is not safe to operate, shall be made not available to the public and removed from public right of way within 24 hours of notice.

2. Strike paragraph 2 of Section 8.7, and replace with:

Awarded Vendors shall negotiate the terms of data ownership derived under this procurement during contract negotiations negotiate with MAPC. Vendors, Participating Communities, and MAPC will prioritize the security and protection of Personally Identifiable Information and credit card information of bike share customers. At a minimum, awarded Vendors shall provide MAPC and Participating Communities a royalty free, perpetual, worldwide, non-transferable, irrevocable license to have, make, use, transmit, modify and create work based upon the Awarded Vendors Property in any media now known or hereafter known, but only to the extent reasonably necessary for Participating Communities exploitation of the deliverables developed under an Agreement entered into as a result of this procurement.
