Ten Year
Structural Integrity Limited Warranty

Ferrara Fire Apparatus, Inc., ("Ferrara") warrants each new fire body and heavy duty rescue body manufactured by Ferrara to be free of structural failures caused by defective design or workmanship for a warranty period of ten years after the date on which the vehicle is first delivered to the original purchaser or 100,000 miles, whichever occurs first.

This warranty is limited to body tubular support and mounting structures and other structural components, as identified in Ferrara's specifications, of the body.

Ferrara's obligation under this warranty is limited to repairing or replacing, as Ferrara may elect, without charge to the original purchaser, the structural component or components which Ferrara, after examination, finds, to Ferrara's satisfaction, to have structurally failed due to defective design or workmanship.

Ferrara's obligation under this warranty is subject to the conditions precedent (1) that the claimed failure shall have first appeared during the warranty period; (2) that the original purchaser shall have notified Ferrara in writing of the claimed failure within thirty (30) days after the claimed failure shall have first appeared, and (3) that, unless Ferrara directs otherwise, the claimed failed item or items shall have been returned to Ferrara, or to Ferrara's designee, promptly after the notification, with transportation charges prepaid. Ferrara reserves the right to thoroughly examine the vehicle or parts thereof, prior to conducting or approving any repair or replacement, to determine whether the claimed failure is covered by this warranty.

In advance of the original purchaser effecting repair or replacement of a structural component or components found by Ferrara to have structurally failed due to defective design or workmanship, approval for the repair or replacement must be obtained from Ferrara's Customer Service Department. Repair or replacement must be made by a facility approved in advance by Ferrara. Failure to obtain either or both of the advance approvals voids this warranty. Coverage under this warranty of labor for repair or replacement is limited to the time or amounts reasonably necessary, as determined by Ferrara, to make the repair or replacement. Labor time or amounts deemed excessive by Ferrara are not covered under this warranty.

Any repair or replacement effected by Ferrara under this warranty is itself warranted under this warranty for the duration of the warranty period subject, however, to the provisions of this warranty as are applicable to the structural component or components repaired or replaced by Ferrara.
This warranty terminates upon transfer of possession or ownership of the vehicle from the original purchaser.

This warranty does not apply to or cover: (1) normal maintenance services or adjustments; (2) any item that has been repaired, replaced or altered by a facility not approved in advance by Ferrara's Customer Service Department, or in a manner which, in Ferrara's judgment, may adversely affect the operation or longevity of the vehicle or item; (3) special, incidental or consequential damages including, but not limited to, loss of time, inconvenience, loss of use, or lost profits; (4) any malfunction resulting from misuse, negligence, alteration, accident or lack of operational knowledge or normal maintenance or adjustments; (5) time required to unload or reload the vehicle or item; (6) nonstructural breakage or cracking; (7) material bending, buckling or other material deformation unless caused by a structural failure of a structural component, as identified in Ferrara's specifications, of the body due to defective design or workmanship; or (8) transportation fees or charges to or from any facility.

This warranty is void if Ferrara determines that the vehicle or item has been neglected, misused, altered, overloaded, loaded beyond specified compartment weight limits, loaded to a state of excessive imbalance side to side, or damaged. This warranty is also void if Ferrara determines that the warranty claim is false or misrepresented, that the vehicle or item has been damaged in an accident or by an act of God, or that the structural failure is attributable to use or operation of the vehicle or item in a manner or for a purpose other than that for which Ferrara intended or designed the vehicle or item.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED (INCLUDING, BUT NOT LIMITED TO, WARRANTIES ARISING BY OPERATION OF LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE), ALL OTHER REPRESENTATIONS TO THE ORIGINAL PURCHASER, AND ALL OTHER OBLIGATIONS OR LIABILITIES WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, ANY OBLIGATION OR LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. FERRARA NEITHER GIVES NOR Assumes, NOR AUTHORIZES ANY OTHER PERSON TO GIVE OR Assume, ANY OTHER WARRANTY, OBLIGATION OR LIABILITY ON FERRARA'S BEHALF, UNLESS EXPRESSLY GIVEN OR ASSumed IN WRITING BY FERRARA. Ferrara reserves the right to make changes to Ferrara's products without incurring any obligation to modify or improve previously manufactured products.

Worldwide
Fire Apparatus/Crash Trucks
Coverage

Products Warranted
This Warranty applies to new diesel Engines sold by Cummins and delivered to the first user on or after April 1, 2007, that are used in fire apparatus truck and crash truck* applications Worldwide.

Base Engine Warranty
The Base Engine Warranty covers any failures of the Engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). This Coverage begins with the sale of the Engine by Cummins and ends five years or 100,000 miles (160,935 kilometers), whichever occurs first, after the date of delivery of the Engine to the first user.

Engine aftertreatment components included in the Cummins Critical Parts List (CPL) and marked with a Cummins part number are covered under Base Engine Warranty.

Additional Coverage is outlined in the Emission Warranty section.

These Warranties are made to all Owners in the chain of distribution and Coverage continues to all subsequent Owners until the end of the periods of Coverage.

Cummins Responsibilities
Cummins will pay for all parts and labor needed to repair the damage to the Engine resulting from a Warrantable Failure.

Cummins will pay for the lubricating oil, antifreeze, filter elements, belts, hoses and other maintenance items that are not reusable due to the Warrantable Failure.

Cummins will pay for reasonable labor costs for Engine removal and reinstallation when necessary to repair a Warrantable Failure.

Cummins will pay reasonable costs for towing a vehicle disabled by a Warrantable Failure to the nearest authorized repair location. In lieu of the towing expense, Cummins will pay reasonable costs for mechanics to travel to and from the location of the vehicle, including meals, mileage and lodging when the repair is performed at the site of the failure.

Owner Responsibilities
Owner is responsible for the operation and maintenance of the Engine as specified in Cummins Operation and Maintenance Manuals. Owner is also responsible for providing proof that all recommended maintenance has been performed.

Before the expiration of the applicable Warranty, Owner must notify a Cummins distributor, authorized dealer or other repair location approved by Cummins of any Warrantable Failure and make the Engine available for repair by such facility. Except for Engines disabled by a Warrantable Failure, Owner must also deliver the Engine to the repair facility.

Service locations are listed on the Cummins Worldwide Service Locator at cummins.com.

Owner is responsible for the cost of lubricating oil, antifreeze, filter elements and other maintenance items provided during Warranty repairs unless such items are not reusable due to the Warrantable Failure.

Owner is responsible for communication expenses, meals, lodging and similar costs incurred as a result of a Warrantable Failure.

Owner is responsible for non-Engine repairs and for “downtime” expenses, cargo damage, fines, all applicable taxes, all business costs and other losses resulting from a Warrantable Failure.

Owner is responsible for a $100 (U.S. Dollars) deductible per each service visit under this plan in the 3rd, 4th and 5th years of Base Engine Warranty. The deductible will not be charged during the first 2 years of the Base Engine Warranty.

Limitations
Engines with an emissions certification listed below must be operated using only diesel fuel having no more than the corresponding maximum sulfur content. Failure to use the specified fuel (see also Cummins Fuel Bulletin #3379001) can damage the Engine and aftertreatment system within a short period of time. This damage could cause the Engine to become inoperable and failures attributable to the use of incorrect fuels will be denied Warranty Coverage.
Maximum sulfur levels by emissions certification level as listed on the Engine’s dataplate are:

Any unauthorized modifications to the aftertreatment could negatively affect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel exhaust fluid.

This Warranty does not apply to accessories supplied by Cummins which bear the name of another company. Such non-warranted accessories include, but are not limited to: alternators, starters, fans, air conditioning compressors, clutches, filters, transmissions, torque converters, vacuum pumps, power steering pumps, fan drives and air compressors.

Cummins branded alternators and starters are covered for the first two years from the date of delivery of the Engine to the first user, or the expiration of the Base Engine Warranty, whichever occurs first.

Failures resulting in excessive oil consumption are not covered beyond the duration of the Coverage or 100,000 miles (160,935 kilometers) or 7,000 hours from the date of delivery of the Engine to the first user, whichever of the three occurs first. Before a claim for excessive oil consumption will be considered, Owner must submit adequate documentation to show that consumption exceeds Cummins published standards.

Failures of belts and hoses supplied by Cummins are not covered beyond the first year from the date of delivery of the Engine to the first user or the duration of the Warranty, whichever occurs first.

Parts used to repair a Warrantable Failure may be new Cummins parts, Cummins approved rebuilt parts or repaired parts. Cummins is not responsible for failures resulting from the use of parts not approved by Cummins.

A new Cummins or Cummins approved rebuilt part used to repair a Warrantable Failure assumes the identity of the part it replaced and is entitled to the remaining Coverage hereunder.

Cummins Inc. reserves the right to interrogate Electronic Control Module (ECM) data for purposes of failure analysis.

CUMMINS DOES NOT COVER WEAR OR WEAROUT OF COVERED PARTS.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THIS WARRANTY AND THE EMISSION WARRANTY SET FORTH HEREINAFTER ARE THE SOLE WARRANTIES MADE BY CUMMINS IN REGARD TO THESE ENGINES. CUMMINS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

# Emission Warranty

## Products Warranted

This Emission Warranty applies to new Engines marketed by Cummins that are used in the United States** in vehicles designed for transporting persons or property on a street or highway. This Warranty applies to Engines delivered to the first user on or after September 1, 1992.

## Coverage

Cummins warrants to the first user and each subsequent purchaser that the Engine is designed, built and equipped so as to conform at the time of sale by Cummins with all U.S. federal emission regulations applicable at the time of manufacture and that it is free from defects in material or factory workmanship which would cause it not to meet these regulations within the longer of the following periods: (A) Five years or 100,000 miles (160,935 kilometers) of operation, whichever occurs first, as measured from the date of delivery of the Engine to the first user or (B) The Base Engine Warranty.

If the vehicle in which the Engine is installed is registered in the state of California, a separate California Emission Warranty also applies.

## Limitations

Engines with an emissions certification listed below must be operated using only diesel fuel having no more than the corresponding maximum sulfur content.
Failure to use the specified fuel (see also Cummins Fuel Bulletin #3379001) can damage the Engine and aftertreatment system within a short period of time. This damage could cause the Engine to become inoperable and failures attributable to the use of incorrect fuels will be denied Warranty Coverage.

**Maximum sulfur levels by emissions certification level as listed on the Engine's dataplate are:**

- EPA 2007: max. 15 parts per million
- EPA 2010: max. 15 parts per million
- EPA Tier 4 Interim / Final: max. 15 parts per million
- EU Stage IIIIB 2011: max. 15 parts per million
- Euro 4/5: max. 50 parts per million

Failures, other than those resulting from defects in material or factory workmanship, are not covered by this Warranty.

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively affect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel exhaust fluid.

Cummins is not responsible for non-Engine repairs, "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs or other losses resulting from a Warrantable Failure.

**CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.**

* Airport operated crash trucks and fire department operated trucks employed to respond to fires, hazardous material releases, rescue and other emergency-type situations.

All UPF Tanks must be installed and operated in accordance with the UPF Installation and Operating Guidelines. Failure to do so can void the warranty.

Every UPF Tank is inspected and tested before leaving our facility. Should your UPF Tank require service, please notify UPF via email, fax, in writing or by calling UPF at 1-978-975-4520. Please provide the serial number, a description of the service request, the location along with the phone number and name of the contact person. Our goal is to have scheduled work completed within a reasonable time period.

Under a valid warranty claim, UPF will cover the cost to repair the UPF Tank including the customary and reasonable costs to make the tank accessible such as the removal and reinstallation of the tank if authorized in advance (pre-approved) by UPF. The warranty will not cover tanks that have been improperly installed, operated, misused, abused, or modified from its intended or designed use. Serial number must not have been altered, defaced or removed. Tanks that are not stored or installed properly which results in the tank suffering UV damage will not be covered by this agreement.

Should UPF determine that the service claim is valid under this warranty for a tank located outside of the United States and Canada, UPF will assume the costs for labor and material for the warranty repair as described above plus all travel costs to the U.S. port of embarkation. Costs for airline travel outside of the U.S. and Canada will not be the responsibility of UPF.

In the event the tank shall become stationed in an area of the world that is considered to be a war zone or where unsafe conditions exist for the safe passage of United States Nationals, as reported by the United States Department of State, (http://www.state.gov), and a request to perform service or warranty repairs, UPF reserves the right to refuse to honor such requests. It is the purchaser’s responsibility to relocate the tank to an area where such repairs can be performed without undue risk to UPF employees or their designee. UPF will make every reasonable effort to support our products through alternative means.

For Ellipse™ elliptical tanks, a separate five year warranty provided by the subcontractor is applied to the sub-frames, chute linings (rubber isolation strips) and metal components. The stainless steel wrap provided by UPF shall be warranted by the subcontractor performing the wrap installation in accordance with their warranty in place at the time of the installation. UPF will not be liable for any warranty costs associated with the wrap, sub-frames, chute linings (rubber isolation strips) and metal components but will assist with all claims on behalf of its customer.

For PolySide® wetsided tanks and Integrator™ Tank/Body units, all polypropylene components related to the tank shall carry the standard UPF lifetime

Continued on back
service warranty. Other polypropylene components, including but not limited to compartments, wheel wells, fenders and other body related components shall be warranted by UPF for a period of ten years. The warranty for the PolySide® and Integrator™ units excludes paint or hardware, which shall be covered by the manufacturer of the paint/hardware.

All UPF tanks 50 gallons or less utilized for non-fire applications and installed on specialty vehicles such as ATVs, trailers, boats, etc. are covered under a separate warranty policy available from UPF. Further, UPF Protector™ foam and water trailers are warranted under a separate warranty policy available from UPF.

This UPF warranty is transferable within the United States only with prior written approval by UPF (except an original apparatus manufacturer may assign this warranty to the first titled owner/lessee of the apparatus).

UPF will NOT reimburse any unnecessary work and/or work that has not been pre-approved. Any and all third party charges must be pre-approved and approved in writing by UPF prior to commencing the work. Any unauthorized third party repairs, alterations, actions or modifications will not be covered and can void the warranty. UPF will be the sole determining authority as to whether a service claim will be valid and covered under this warranty.

In no event will UPF be liable for an amount in excess of the purchase price of the booster/foam tank at the time of manufacture or for any loss or damage, whether direct, indirect, incidental, consequential, or otherwise arising out of failure of its product. Loss of contents (water, foam, etc.) shall not be the responsibility of UPF. Further, UPF is not responsible for costs associated with service repairs to chassis, sub-frames, bodies, valves, dumps, hoses, pressure vacuum vents, and other components (i.e. liquid level transducers, etc.). Paint/Corrosion 10 Year Limited Warranty

Ferrara Fire Apparatus, Inc., ("Ferrara") warrants the paint on each new cab manufactured by Ferrara to be free of blistering, peeling, bubbling, or any other adhesion defect caused by defective manufacturing methods or material selection for a warranty period of ten years after the date on which the vehicle is first delivered to the original purchaser. Ferrara also warrants each new cab and body manufactured by Ferrara against exterior corrosion perforation for a warranty period of ten years after the date on which the vehicle is first delivered to the original purchaser or 100,000 miles, whichever occurs first.

The warranty is limited to exterior painted surfaces of the cab of the vehicle.

Ferrara’s obligation under this warranty is limited to repairing or replacing, as Ferrara may elect, without charge to the original purchaser, the item or items which Ferrara, after examination, finds, to Ferrara’s satisfaction, to have an adhesion defect or defects caused by defective manufacturing methods or material selection, or a corrosion perforation or perforations.

Ferrara’s obligation under this warranty is subject to the conditions precedent (1) that the claimed defect or perforation shall have first appeared during the warranty period; (2) that the original purchaser shall have notified Ferrara in writing of the claimed defect or perforation with thirty (30) days after the claimed defect or perforation shall have first appeared, and (3) that, unless Ferrara directs otherwise, the claimed defective or perforated item or items shall have been returned to Ferrara, or to Ferrara’s designee, promptly after the notification, with transportation charges prepaid. Ferrara reserves the right to thoroughly examine the vehicle or parts thereof, prior to conducting or approving any repair or replacement, to determine whether the claimed defect or perforation is covered by this warranty.

In advance of the original purchaser effecting repair or replacement of an item or items found by Ferrara to have an adhesion defect or defects caused by defective manufacturing methods or material selection, or a corrosion perforation or perforations, approval for the repair or replacement must be obtained from Ferrara’s Customer Service Department. Repair or replacement must be made by a facility approved in advance by Ferrara. Failure to obtain either or both of the advance approvals voids this warranty. Coverage under this warranty of labor or replacement is limited to the time or amounts reasonably necessary, as determined by Ferrara, to make the repair or replacement. Labor time or amounts deemed excessive by Ferrara are not covered under this warranty.

Any repair or replacement effected by Ferrara under this warranty is itself warranted under this warranty for the duration of the applicable warranty period subject, however, to the provisions of this warranty as are applicable to the item or items repaired or replaced by Ferrara.

This warranty terminates upon transfer of possession or ownership of the vehicle from the original purchaser. Notwithstanding any provision of this warranty to the contrary, with respect to the foregoing ten years warranty regarding the paint on each new cab and body manufactured by Ferrara being free of adhesion defects caused by defective manufacturing methods or material selection, the following portion, and only the following portion, of the cost of repair or replacement of the item or items found by Ferrara to have an adhesion defect or defects caused by defective manufacturing methods or material selection is covered under the warranty based upon when during the warranty period the claimed defect first appears:

This warranty does not apply to or cover: (1) normal maintenance services or adjustments; (2) any item that has been repaired, replaced or altered by a facility not approved in advance by Ferrara’s Customer Service Department, or in a manner which, in Ferrara’s judgment, may adversely affect the operation or longevity of the vehicle or item; (3) special, incidental or consequential damages including, but not limited to, loss of time, inconvenience, loss of use, or lost profits; (4) any malfunction resulting from misuse, negligence, alteration, accident or lack of operational knowledge or normal maintenance or adjustments; (5) time required to unload or reload the vehicle or item; (6) the vehicle undercarriage, the cab or body interior, or compartment interiors; or (7) transportation fees or charges to or from any facility.

This warranty is void if Ferrara determines that the vehicle or item has been neglected, misused, altered, exposed to severe environmental or chemical conditions, or damaged. This warranty is also void if Ferrara determines that the warranty claim is false or misrepresented, that the vehicle or item has been damaged in an accident or by an act of God, or that the defect or perforation is attributable to use or operation of the vehicle or item in a manner or for a purpose other than that for which Ferrara intended or designed the vehicle or item.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED (INCLUDING, BUT NOT LIMITED TO, WARRANTIES ARISING BY OPERATION OF LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE), ALL OTHER REPRESENTATIONS TO THE ORIGINAL PURCHASER, AND ALL OTHER OBLIGATIONS OR LIABILITIES WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, ANY OBLIGATION OR LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. FERRARA NEITHER GIVES NOR ASSUMES, NOR AUTHORIZES ANY OTHER PERSON TO GIVE OR ASSUME, ANY OTHER WARRANTY, OBLIGATION OR LIABILITY ON FERRARA’S BEHALF, UNLESS EXPRESSLY GIVEN OR ASSUMED IN WRITING BY FERRARA.
