MAPC and FCAM

Supporting Fire Leaders and Departments Across the Commonwealth

What's on the FCAM Contracts

- Pumper engines
- Aerial equipment (including platforms and ladder trucks)
- Industry-compliant ambulances
- PPE and SCBA
- AND COMING SOON: Rescue vehicles

Savings for Cities and Towns

- Since 2011, FCAM has generated \$3.6M in savings for cities and towns from its purchasing program
- Apparatus and equipment on the FCAM contracts are offered at significant discounts

Supporting FCAM and its Members

- \$146,298 has been sent back to local departments in rebates. During the last two years, checks have been issued to every department that purchased through the contracts
- Resources from the program support FCAM's professional development curriculum and keeps dues paid by cities and towns affordable

Standing With You

- When departments face a problem with a vendor, FCAM and MAPC will stand with them to seek a resolution

The FCAM purchasing program is the only program for fire apparatus and equipment conducted in full compliance with the Commonwealth's municipal procurement laws (M.G.L. Chapter 30B).

FCAM contracts are developed by its members for its members.
