

VEH102: Advanced
Vehicle Technology

Saving with Green Vehicle Technologies JUST GOT EASIER.

There is a new statewide contract on COMMBUYS for Advanced Vehicle Technology – and MAPC is partnering with the Massachusetts Department of Energy Resources (DOER) and the Operational Services Division (OSD) to help you get the most out of it!

Wherever you are in the Commonwealth, we can help you pinpoint the best green vehicle technology for your fleet, and help you navigate the statewide contract with OSD.

Too busy to figure out which equipment is best for you – and how to procure it?

To learn how your fleet can become more efficient and save money, contact:
MEGAN AKI, Clean Energy Analyst
