

LandLine is MAPC's vision to connect our greenways and trails into a seamless network

- The plan has been developed in coordination with the LandLine Coalition, a group of 40 volunteers representing a number of local agencies and groups.
- This initiative builds on the rich legacy of Frederick Law Olmsted and Charles Eliot from the late 1800s by supporting the construction of missing links to complete a greenway network. By connecting every neighborhood to open space and transit, the greenway network will create a 21st century linear park system.
- For more information on Landline or to be added to the Landline Coalition email list, contact MAPC staff member [David Loutzenheiser](#).
