

MAPC STATEWIDE CONTRACTS GUIDE

For the MassDOT Winter Shared Streets and Spaces Grant Program

As cities and towns quickly implement or expand improvements to sidewalks, curbs, streets, on-street parking spaces and off-street parking lots in support of public health, safe mobility, and renewed commerce in their communities outlined below is a guide to OSD, state and MAPC contracts from which materials to implement these programs can be purchased or rented. A link to the full grant program description can be found [here](#).

Benefits to using the Operational Services Division's Statewide Contracts

The Operational Services Division (OSD) administers several Statewide Contracts that offer state-negotiated pricing and other benefits, such as prompt pay discounts, bulk purchase pricing, and extended warranties. Utilizing Statewide Contracts may save both time and money.

OSD Statewide Contracts offer the convenience of time savings by not investing valuable time developing solicitations, issuing bids, evaluating responses, and executing contracts. OSD has negotiated the pricing (or required competitive quotes), selected the qualified vendors, and outlined the services the vendors perform relative to the contract. OSD has done the work to bring the best value/best price to the contracts, so local government purchasers may forgo this step in the process. Local government purchasers should be aware that purchases made from Statewide Contracts procured through the Operational Services Division meet the requirements of M.G.L. c. 30B (1)(c). Users must comply with use guidelines provided for each Statewide Contract, which are outlined in each Statewide Contract User Guide.

More information can be found on the following website: www.commbuys.com/bsa.

The OSD Help Desk is available Monday-Friday from 8am-5pm and can be reached at 1-888-627-8283 or 617-720-3197 or OSDHelpDesk@mass.gov.

If you have any questions about this guide please contact Alison Felix, Senior Transportation Planner, at afelix@mapc.org.
