

Hi Auntie, did you get your vaccine yet?

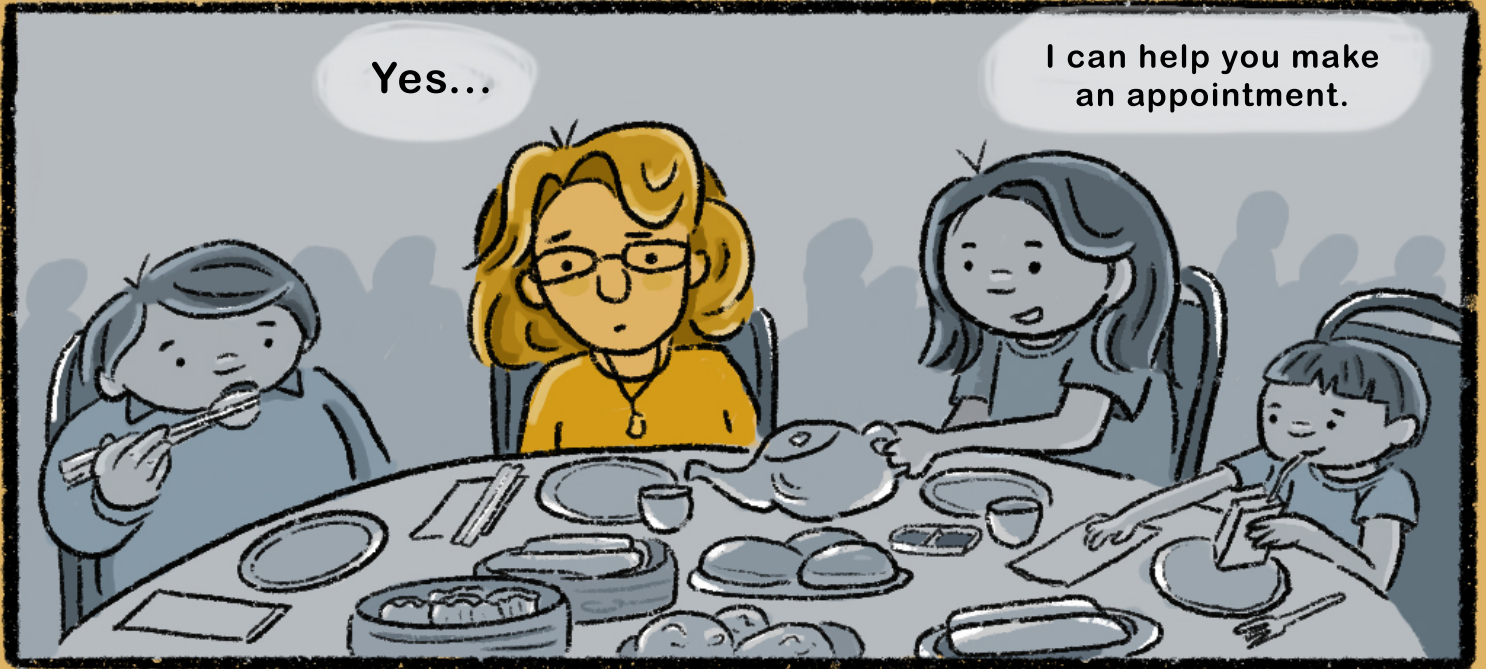

Auntie, it's safe! My folks have gotten it and so have I. We're fine! Don't you want to have dim sum with everyone again?

No. I'm not getting it - I don't even know what they put in it.

I can help you make an appointment.

A few days later...

I got my first vaccine shot!

Yay - I'm so happy! I can't wait to have a shrimp dumpling with you.
