FY23 Call for Project Concepts

The MAPC Technical Assistance Program is funded by the District Local Technical Assistance (DLTA) program, which is appropriated by the State Legislature and Governor in the annual state budget, funds from the annual assessment paid by member cities and towns, and private foundation funds awarded to MAPC for specific planning activities.

Initial Deadline to Apply: January 16, 2023

Applications may be submitted any time throughout the year. However, to have a project be considered when the most funding is available, MAPC recommends submitting application by January 16.

Initial funding decisions are expected to be announced by February 2023. If all funds are not allocated in this initial round, additional awards may be made on a rolling basis later in the calendar year.

Program Requirements

- The 101 cities and towns in the Metropolitan Boston area served by MAPC are eligible to apply. Multi-municipal collaborations and partnerships with non-profits and community-based organizations are strongly encouraged.
- Municipalities can submit concepts for individual community-specific projects and for multi-community projects. Project concepts must be endorsed by the CEO of the municipality, or by a designated member of the municipality’s leadership team (e.g., Planning Director, Assistant Town Manager, etc.).
- The municipality, or the lead municipal applicant in the case of a multi-municipal project, must have an appointed representative to the MAPC Council. Under state law, all 101 municipalities in the MAPC region are entitled to appoint a representative to the Council, our governing body. To determine the status of your appointments or to appoint a new Council member or alternate, please contact Andrea Aponte at AAponte@mapc.org.

Funding Priorities

MAPC funds a diverse range of projects through TAP. Each year, MAPC sets priorities for funding based on MetroCommon2050 goals, the agency’s Strategic Plan, the State of Equity for Metro Boston Policy Agenda, and the investment priorities of partner funding sources (e.g., the State’s District Local Technical Assistance program). In 2023, projects that include one or more of the following priorities will be prioritized for funding.
- Advancing racial and social equity by breaking down barriers to housing, economic mobility, positive health outcomes, and public safety. Projects that demonstrate strong partnerships between municipalities and community anchors or organizations are preferred.
Multiple communities working together to better understand and address shared challenges. This also includes projects that can serve as a model for other communities.
- Compliance with the new Housing Choice law, including Section 3A MBTA Communities. MAPC will prioritize working with communities who are committed to including Affordable Housing provisions in new or updated zoning regulations.

Project proposals that do not consider how to advance equity or include multiple communities may be awarded grants, if funding remains. MAPC staff is available to help applicants identify equity considerations and potential municipal partners as projects are developed to ensure competitiveness in the application process.

Additional information about the types of projects eligible for funding, including Community Compact Best Practices and Housing Choice initiatives, is available here.

**How to Apply**
Complete the Project Concept Application Form (available on the TAP Webpage). MAPC staff is available to help identify and refine project concepts prior to submitting your application.

**Resources**
- MAPC Contact List (Department Contacts, Subregional Contacts)
- Examples of Eligible Projects by Practice Area
- TAP Webpage

**Informational Session**
MAPC will host an informational webinar on Wednesday, December 7 from 12-1PM via Zoom. Potential applicants are encouraged to attend. Register here: https://mapc.ma/TAPInfoSession.

Questions may be submitted in advance of the webinar to TAProgram@mapc.org.

**Funding Sources**
TAP is funded through various sources, including:
- District Local Technical Assistance (DLTA), which originates from funds appropriated by the Legislature and Governor;
- Planning for MetroCommon2050 Technical Assistance (PMTA), which originates from municipal assessments that all MAPC municipalities contribute to cover MAPC’s regional activities; and
- Grants from private foundations.

MAPC frequently leverages TAP funding to serve as matches for state-administered grant programs, including but not limited to the Community Compact Program, Community One-Stop Grant Program, MassHousing, Mass Housing Partnership, and Executive Office of Energy and Environmental Affairs (EEA). If you are interested in working with MAPC on a project, MAPC is available to assist with preparing grant applications for additional project funds.

Please list any relevant previous or current planning efforts that the project may advance.

Please describe the local capacity and support to advance the project.

Projects that promote racial and social equity are prioritized during the project selection process. Responses to the following questions help MAPC assess how your project can advance equity.

1. Describe any Environmental Justice communities that may be served with this project. Describe the location and characteristics of the community (e.g., linguistically isolated, low-income, BIPOC, etc.).

2. Briefly describe how the project addresses community needs. If applicable, reference local plans or studies that identified racial or social disparities, which this project works to diminish.

3. What community or constituency-based organizations do you anticipate being involved in this project?
4. How will you involve historically underrepresented groups (people of color, people with lower incomes, youth, people with disabilities, tenants, seniors, recent immigrants, linguistic minorities, minority- and women-owned small businesses, etc.) in the project? Please describe how the proposed project will directly benefit these groups.

Briefly describe the product deliverables and outcomes expected from the project. *Examples: comprehensive plan, community or corridor plan, draft or adopted bylaw or ordinance, inter-municipal agreement, collective purchasing agreement, etc.*

What is your anticipated timeline for completion of this project?

____________________________________________________________________________

Does this project implement any local plans, particularly ones developed with TAP or other public funding sources (e.g., state planning grants)? If this is an initial planning project, please describe how you might hope to implement its recommendations.

____________________________________________________________________________

For projects related to Housing Choice Implementation, including Section 3A Compliance:

Is the proposal a second phase of an ongoing or past MAPC project with the community?
Does the proposal promote Affordable housing?

Which MetroCommon2050 goals are advanced with this project? (select all that apply)

- Getting Around the Region
- Homes for All
- Climate-Resilient Region
- Net Zero Carbon Region
- Dynamic and Representative Governments
- Healthy Environment
- Economic Security
- Economic Prosperity
- Healthy and Safe Neighborhoods
- Thriving Arts, Culture, and Heritage

Did you work with an MAPC staff member to develop this project concept? Yes □ No □

If yes, what staff member or department? ______________________________

Do you have a MAPC Council representative? Yes □ No □ Not sure □

If no, will you be able to appoint a representative prior to starting project work, if TAP funding is awarded? Yes □ No □

What in-kind contributions, if any, are included in the project?
Example: X dollars towards direct costs (e.g., space rental cost, printing, or translation costs, etc.)

Does your proposed project have additional funding sources, beyond the requested TAP funds? Yes □ No □

Note: Cash match is not required but may help both MAPC and the municipality to prepare and execute a more comprehensive scope of work.

If yes, what is the source of this additional funding? ______________________________
Has this additional funding been secured, or do you plan to file an application for grants or seek a commitment of municipal resources at the future town meeting/city council meeting? Please explain.

How did you hear about MAPC’s TAP program?
- MAPC website
- MAPC social media
- MAPC Matters newsletter
- MAPC staff (please state who, if possible) ____________________________
- Other (please specify) ____________________________________________

**Attachments**

Please attach a letter of support for the project from the lead municipality’s CEO. For multi-community projects, preference is given to projects that have letters of support from all (or at least some) participating municipalities and organizations. Priority will be given to letters of support that demonstrate municipal commitment to advancing project outcomes.

**Racial Equity, Diversity, and Inclusion Statement (REDIS) Acknowledgement**

By signing this application, you are committing to carry out project work in alignment with MAPC’s Racial Equity, Diversity, and Inclusion Statement and commit to inclusive community stakeholder outreach. If your project is awarded, MAPC will work with you to develop a scope of work that considers how equity can be advanced through community engagement and through other aspects of planning and implementation.
