

MAPC's Collective Purchasing Department facilitates the acquisition of vehicles for municipalities. Member municipalities of the Greater Boston Police Council (GBPC) have the opportunity to purchase police cruisers, medium- and heavy-duty trucks, and public works construction equipment without the burden of expenses, delays, and complexities associated with the procurement process. Through this program, MAPC provides support to member communities, including managing the bidding process, overseeing contracts, and addressing any purchase-related issues that may arise. To ensure your municipality is a member of the GBPC visit: <https://gbpc.org/membership> To access the GBPC membership form visit: <https://gbpc.org/collective-purchasing>.

To obtain the most recent information about pricing and vehicle availability from these contracts, it is necessary to directly access the contracts and/or contact MAPC. MAPC procurements are conducted in compliance with Massachusetts municipal purchasing requirements. Pricing is subject to change as new contracts are added. Please visit this link for all updated pricing: <https://www.mapc.org/public-works-collective-purchasing-program>.
