For questions, please contact: [Leah Robins](#), [Norman Abbott](#), [Georgia Barlow](#)

On May 21st, the Senate passed their \$63.4 billion FY27 budget. Over three days the members considered over 1,150 amendments and added \$70.5 million to the \$63.3 billion [Senate Ways and Means proposal](#). The Senate’s budget is a \$2.3 billion (3.5%) increase over [the final FY26 budget](#) that was signed into law in July in 2025. It is roughly \$30 million more than the Governor proposed and roughly in line with what the House passed. This is the fourth year that Fair Share surtax revenue is available, which is split between education (\$1.7 billion or 64%) and transportation (\$975 million or 36%).

The budget the Senate passed includes a \$500,000 increase over FY26 for the Shannon Grant program added via amendment filed by Senator DiDomenico for a total of \$10.58 million and level funding for District Local Technical Assistance at \$3 million. Additionally, the Senate included a 3% allocation for the Community Mitigation Fund to help communities combat the negative externalities from category 1 casinos. This is in line with the Governor’s proposal but less than the 4% allocated by the House.

What comes next: A conference committee including both House and Senate Ways and Means Chairs, Vice Chair Comerford, Assistant Vice Chair Diggs and with Senator O’Connor and Rep. Smola representing the minority party will meet to resolve the differences in the two chambers’ bills. The Conference Committee is the same as last year except for Rep. Kip Diggs, who replaced Rep. Ann-Margaret Ferrante, the late House Ways and Means. The FY27 fiscal year begins on July 1st, so it is anticipated that a final bill will be signed into law by that date or soon after.
