

# MESM ACADEMY:

## Using MassEnergyInsight for Energy Management

**Sept 29, 2025**  
**1-3pm**

# NOTIFICATION OF RECORDING

This meeting will be recorded. MAPC may choose to retain and distribute the video, still images, audio, and/or the chat transcript. By continuing with this virtual meeting, you are consenting to participate in a recorded event. The recordings and chat transcript will be considered a public record. If you do not feel comfortable being recorded, please turn off your camera and/or mute your microphone, or leave the meeting.

# MESM ACADEMY:

## Using MassEnergyInsight for Energy Management

**Sept 29, 2025**  
**1-3pm**

# Today's Lesson

## Lesson Questions

- How do I achieve and maintain Green Community designation?
- How can I track and analyze my municipality's energy use?
- How can I use MEI to identify and prioritize energy projects?

## Lesson Objectives

- Understand the five Green Communities Criteria and annual reporting requirements.
- Set up and organize data onto MEI.
- Identify trends, errors, and gaps in energy data.
- Use advanced project planning tools.

# Introductory Polls

---

**Rate your level of agreement with the following statements:**

- I understand the Green Communities program requirements and resources available.
- I can set up and organize data on MEI.
- I can identify trends, errors, and gaps in energy data and use advance project planning tools on MEI.

---

**1 = Strongly Disagree**  
**2 = Disagree**  
**3 = Neutral**  
**4 = Agree**  
**5 = Strongly Agree**

# Meet the Instructor

**Mark Rabinsky**

**Deputy Director**

Department of Energy Resources,  
Green Communities Division

# Agenda

Time	Duration	Topic
1:00-1:10	10 mins	Welcome, Introductions, and Lesson Overview
1:10-1:20	10 mins	Q&A on Green Communities
1:20-1:30	10 mins	What is MEI?
1:30-1:50	20 mins	Organizing Municipal Data
1:50-2:25	35 mins	Reports
2:25-2:40	15 mins	MEI+ Features
2:40-2:55	15 mins	Questions
2:55-3:00	5 mins	Next Steps & Evaluation

# MassEnergyInsight

# MassEnergyInsight

POWERING EFFICIENCY

Overview Training Support

## Making sense of energy data

A free, Web-based tool, MassEnergyInsight is helping Massachusetts cities and towns to understand their energy use and reduce their carbon footprint by delivering customized, easy-to-use reports on electricity, natural gas, and oil use.

MassEnergyInsight is provided *at no cost* to Massachusetts communities by the Massachusetts Department of Energy Resources (DOER) as part of the Massachusetts Green Communities Program.

Click on the thumbnails to see how MassEnergyInsight's intuitive reports allow you to compare energy use, cost, and emissions.

# Support: Frequently Asked Questions (FAQ)

Have a question? Your answer might be right here! Click on a question in the list at the top of this page to jump to the answer.

To search this page, pressing Ctrl-F or Command-F on the keyboard will bring up a search box in most web browsers.

You can also find a lot of helpful information, especially if you are just getting started with MEI, in the [Training Videos](#).

If you still have questions, or if you have suggestions for updates or additions to the FAQ, contact Customer Support using [this form](#) or [by email](#). If you contact support and don't see a reply within 2 business days, please check your junk or spam folder.

## Getting started (setting up users, logging in)

- What browser should I use?
- How do I add a new user or change a user's access level?
- Who is my Green Communities Regional Coordinator?
- When should I contact my Regional Coordinator and when should I contact support?
- Can I share my username and password with someone else?
- How do I set up my account?
- How do I log in?
- What can I do on the Home Page?
- Is there a newsletter for tips and updates?

## Organizing your data in the Tree View

- How do I set up my city, town, or agency?
- How do I edit the information for an item?
- How do I save my changes or my data? I don't see a Save button on the page.

[OFFICIAL LETTERHEAD]

[Date]

Joanne Bissetta, Director  
Green Communities Division  
Massachusetts Department of Energy Resources (DOER)  
100 Cambridge Street, 9<sup>TH</sup> Floor  
Boston, MA 02114

Re: User Authorization - MassEnergyInsight (MEI)

Dear Ms. Bissetta:

I, [Signatory of the Municipality] as the [chief elected/appointed] official for [Municipality Name] hereby confirm the following as it relates to the users' access to [Municipality Name]'s data and features in the Massachusetts Department of Energy Resources MassEnergyInsight (MEI) energy reporting system.

MEI users, authorized herein by the municipality, will have access to the following municipal information and data, which may be available in the current version or future updates to MEI: municipal energy data (including utility bills and delivered fuels), Green Communities grants, energy conservation measures, municipal energy and decarbonization plans, vehicle fleet inventory and usage, permit status for as-of-right zoning, and building energy code information (including new construction HERS scores).

Authorized users will also be able to access historical Green Communities annual reports and submit future Annual Reports.

The following users are authorized to receive full access:

Name	Email	Organization	Title

The following users are authorized to receive read-only access:

Name	Email	Organization	Title

Access for the following users should be revoked:

Name	Email	Organization	Title

Sincerely,

- Signed by the chief elected or appointed official for a municipality, or by the superintendent to create/update an account associated with a regional school district.
- Submit the letter via email to your Regional Coordinator. It doesn't need to be mailed.

# Newsletter

- Access the newsletter sign up through the FAQ
- View old newsletters in the FAQ

## **Is there a newsletter for tips and updates?**

Yes! New users are automatically added to the newsletter list using the registration email. If you would like to change your email address, [use this signup form](#).

MEI users may also want to subscribe to DOER's Green Communities newsletter [using this form](#).

**Utility Data Updates**

Utility	Last file rec'd	Last file loaded
Berkshire Gas	08/27/25	08/28/25
Eversource (formerly)	08/01/25	08/02/25

# Learning Check!

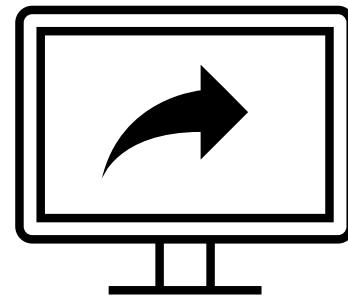

---

## **Who needs to sign the MEI authorization letter?**

- Town Clerk
- Planning Director
- Municipality's chief elected or appointed official
- Utility
- Green Communities Regional Coordinator

# Basic Site Navigation

# Organizing Data

# Delivered Fuels

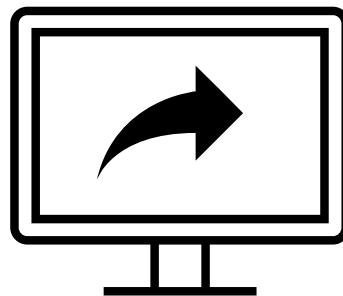

## Oil, Propane, Diesel, Wood, and Gasoline

### Delivered fuels

- Unlike natural gas and electricity, delivered fuels aren't necessarily used in the month they are entered into MEI.
- This may affect weather-normalization. Note that, weather normalization needs more than 12-months of data to calculate.

Behind the meter solar needs to be treated like a delivered fuel and entered directly into MEI.

# Organizing Data

# Reports

**Reviewing and Analyzing Data**

## Dashboards

### Overview

A high level overview of your energy data and building performance

### Buildings to Target

Visualizations to help identify your most energy intensive buildings

Weather Normalized version

### Facility Dashboard

Visualizations to track usage trends in individual facilities

Weather Normalized version

## Tables

### Organization View Table

A table to view data following your tree structure in Organize Data

Weather Normalized version

### Category View Table

A table to view data organized by facility category and subcategory

Weather Normalized version

### Data Loaded Table

A table to track data completeness for each account

## Legacy Tables

### Annual Report Table 2

Displays total annual usage compared to baseline year

Weather Normalized version

### ERP Guidance Table 3

A category view table of facility usage with columns by year and fuel type.

### ESCO report

Displays all accounts listed in your town's MEI, along with total usage and cost. Can be viewed by year, quarter, or month.

### Use and Costs Table

This table shows use and cost by fiscal or calendar year for a chosen fuel type

## Other Reports

### Climate Leaders - Top Buildings

Building-level data for Climate Leaders indicators

### Emissions Factors

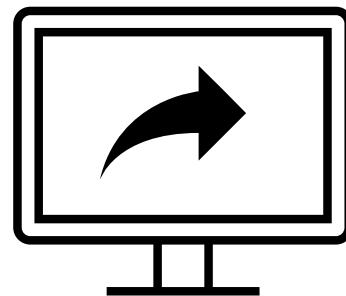

The energy conversion and emissions factors

### Export Full Data

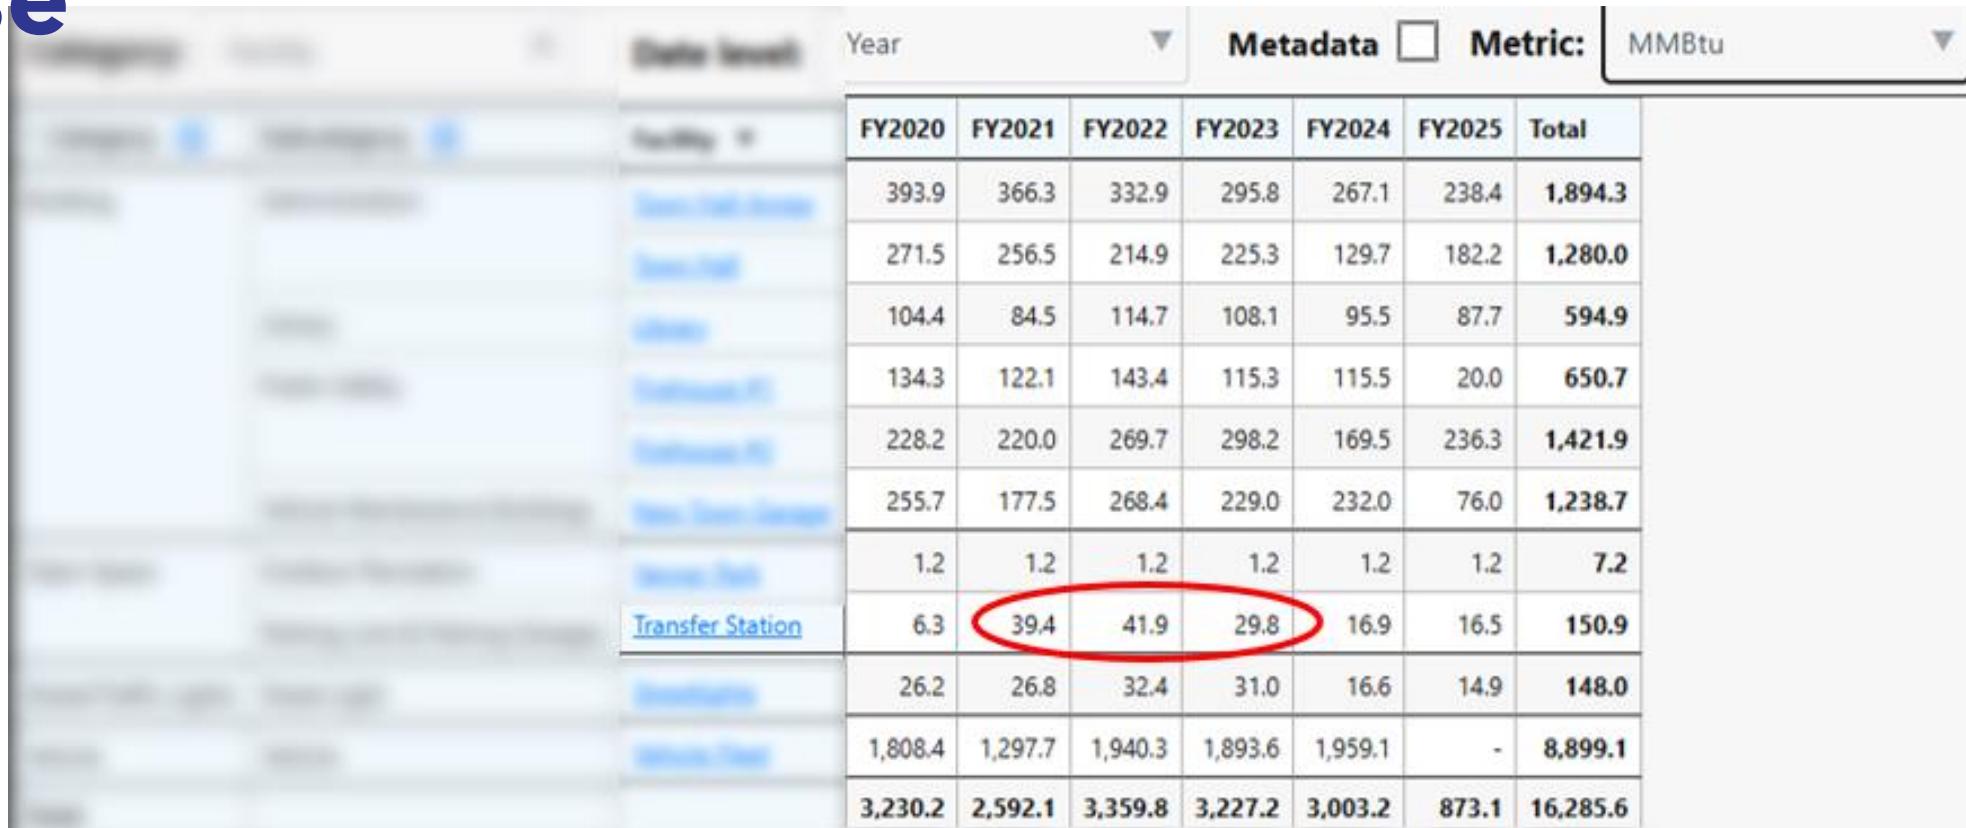

Export all utility data records with a more expansive set of fields. Updated nightly.

# Reviewing and Analyzing Data

# Large Changes in Energy Use

The table displays energy use data for various facilities over a six-year period (FY2020 to FY2025). The data is presented in MMBtu. The 'Transfer Station' row is circled in red, highlighting a significant drop in energy use from 2022 to 2023.

Facility	Year	FY2020	FY2021	FY2022	FY2023	FY2024	FY2025	Total
Facility 1		393.9	366.3	332.9	295.8	267.1	238.4	1,894.3
Facility 2		271.5	256.5	214.9	225.3	129.7	182.2	1,280.0
Facility 3		104.4	84.5	114.7	108.1	95.5	87.7	594.9
Facility 4		134.3	122.1	143.4	115.3	115.5	20.0	650.7
Facility 5		228.2	220.0	269.7	298.2	169.5	236.3	1,421.9
Facility 6		255.7	177.5	268.4	229.0	232.0	76.0	1,238.7
Facility 7		1.2	1.2	1.2	1.2	1.2	1.2	7.2
Transfer Station		6.3	39.4	41.9	29.8	16.9	16.5	150.9
Facility 8		26.2	26.8	32.4	31.0	16.6	14.9	148.0
Facility 9		1,808.4	1,297.7	1,940.3	1,893.6	1,959.1	-	8,899.1
		<b>3,230.2</b>	<b>2,592.1</b>	<b>3,359.8</b>	<b>3,227.2</b>	<b>3,003.2</b>	<b>873.1</b>	<b>16,285.6</b>

# Large Changes in Energy Use

Transfer Station	Eversource	Electric (kWh)	1,858	11,556	12,278	8,744	4,967	4,833

# Learning Check!

---

**Which has more MMBTUs: 1,000 kWh of electricity  
from Solar PV or 1,000 kWh of grid electricity?**

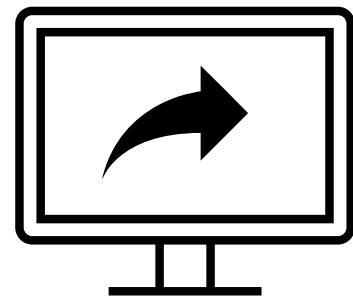

- Solar PV
- Grid
- Equal

---

# MEI+ Features

# Learning Check!

---

**Can a Green Community transfer vehicles between departments?**

- Yes, ONLY if the new vehicle meets the FEV policy.
- Yes, ONLY if the vehicle being transferred is more fuel-efficient than the vehicle it is replacing.
- No. vehicles cannot be transferred between departments.

---

# Questions

# 2025-2026 Calendar *(subject to change)*

Opportunity	2025	2026
<b>Green Communities Competitive Grant</b>	<b>Oct. 22</b>	April 10
Regional School District Decarbonization Grant	Sept 5	March 6
Municipal Decarbonization Roadmap Assistance	Nov. 28	March 27

# Annual Reports

**Due November 7<sup>th</sup> at 5pm**

- Please see the Annual Report timeline in the MEI FAQ
- MEI office hours will give you a chance to discuss your questions with the MEI and Green Communities team in live zoom sessions:
  - Tuesday, October 7 at 11am
  - Friday, October 31 at 10am
  - Wednesday, November 5 at 10am

July	<p>After the close of business on July 18, the MEI team will send data requests to Eversource, National Grid, Berkshire Gas, and Utilil based on accounts that are set up and active in MEI by this date.</p> <p>If possible, enter any new accounts or account number updates in MEI by July 18 (<a href="#">how to format account numbers</a>), and then we should receive the data by mid-August, which will help to ensure that you have time to review and address any data gaps or questions before the reporting deadline.</p>
August	<p>As of August 22, we have all of the data from Eversource, National Grid, Berkshire Gas, and Utilil for accounts that were correctly entered in MEI by July 18.</p> <p>Timing varies for municipal utilities, or municipal light plants (MLPs). If your community is served by an MLP, coordinate with your utility as needed.</p>
September-October	<p>In late August:</p> <ul style="list-style-type: none"> <li>Annual Reporting form planned to become available in MEI.</li> <li>Vehicle data from the Registry of Motor Vehicles to be loaded into MEI.</li> </ul> <p><b>Critical deadlines to add new accounts or update/correct account numbers</b> for them to be included in our last data request before the annual reporting deadline:</p> <ul style="list-style-type: none"> <li>Eversource - <b>September 19</b> (corresponding data should be available in MEI in early October)</li> <li>National Grid, Berkshire Gas, Utilil - <b>October 17</b> (data should be in MEI in late October)</li> </ul> <p>(<a href="#">how to format account numbers</a>)</p> <hr/> <p>MEI office hours will give you a chance to discuss your questions with the MEI and Green Communities team in live zoom sessions:</p> <ul style="list-style-type: none"> <li>Thursday, September 18 at 10am</li> <li>Thursday, October 7 at 11am</li> <li>Friday, October 31 at 10am</li> </ul> <hr/> <p>If you haven't already:</p> <ul style="list-style-type: none"> <li>Use the Data Loaded Table (under View Reports) to check for any utility accounts that were previously entered in MEI and may be missing some data. (Note that this report currently only shows accounts for which there is some data in the selected years, which we are working to address.) <ul style="list-style-type: none"> <li>Some small gaps due to correction bills may not be problematic (<a href="#">detailed here</a>).</li> <li>If we have never received data for a utility account, the account number may have been entered or formatted incorrectly (<a href="#">how to format account numbers</a>).</li> </ul> </li> <li>Refer to the Utility Data Updates table on the MEI homepage to check when we have loaded the latest data from your utility/utilities.</li> <li>If your community is served by a municipal utility, also known as municipal light plant (MLP), coordinate with MLP staff to ensure that data will be loaded into MEI in time to complete your annual report (<a href="#">how to upload data to MEI</a>).</li> <li>Request MEI user accounts for anybody new who will be working on your report this year (<a href="#">how to request new user accounts</a>).</li> <li>Identify all necessary data sources, such as municipal staff and fuel suppliers, and send out requests for the required information. Set a deadline for all data submissions with your request.</li> <li>Enter FY25 data for vehicle fuel, behind-the-meter solar, and any delivered fuels (<a href="#">how to do manual data entry or upload data</a>).</li> <li>Add <a href="mailto:pfsupport@optimiserenergy.com">pfsupport@optimiserenergy.com</a> to your contacts to help make sure our newsletters and responses to your support requests don't get stuck in your spam filter.</li> </ul> <hr/> <p>MEI site updates planned to launch in early September! The MEI team has been working on updates that will improve performance and responsiveness in areas including Organize Data, as well as the look and feel of the site. The Beta version of the updated site will be accessible at <a href="http://beta.massenergyinsight.net">beta.massenergyinsight.net</a> or from the link on the homepage. Both versions use the same live data and will be available through this fall. Feel free to use either version during your annual reporting process - the beta version for improved performance or the main version for the familiar feel - or switch between them. If you find any bugs in the Beta site, please report them to MEI support at <a href="mailto:pfsupport@optimiserenergy.com">pfsupport@optimiserenergy.com</a></p> <hr/>
November	<p>Remember to leave time to get your completed report signed by your municipal CEO before you submit it!</p> <p>Final office hour session for last-minute questions: Wednesday, November 5 at 10am</p> <p><b>Annual reports due by 5pm on Friday, November 7.</b></p>

MASSACHUSETTS  
**DEPARTMENT OF  
ENERGY RESOURCES**

**Thank You!**

# Next Steps

- Submit Annual Report: Nov 7
- Please take 3-5 mins to please complete the anonymous evaluation form (link in chat)

## Upcoming Events:

- **October 6:** Training on Grant Reporting Requirements
- **October 22:** Office Hours
- **October 27:** Training on Mass Save Program & Incentives

*Thank you!*
