2. Vendor Questions

Question 1: Is the contractor responsible for waste characterization, profiling, testing and disposal facility approvals?

Question 2: Is the unit price intended to include all load, transportation, disposal fees, profiling, testing, and regulatory costs?

Answer 1 & 2: The price for line items 1 Disposal of Catch Basin Cleaning and 2 Disposal of Street Sweeping should factor in the cost of loading, transportation, fees, testing and regulatory costs as these items are considered part of the equipment, labor and materials for performing task 1 and 2 on the bid price form.

Amendment to SS 2027 PW2 IFB Specifications – Item 11.

In order to clarify the specifications, see the attached file “SS 2027 PW2 IFB Specifications Item 11 – Addenda 5.” Updated document will include the following amended language on page 4:

Amended language or text will be shown in red.

Measurement and Payment

Basis of payment shall be per ton of material removed and disposed and shall include the furnishing of all equipment, labor, **including waste characterization, profiling, testing, regulatory costs disposal facility approvals**, and materials necessary to load, haul, and dispose of the stockpiled materials at a licensed disposal site or other permitted processing facility.
